In Memoriam

W. J. Paul Dye, A. B., M. D., F. A. C. S.

1902-1950

W. J. Paul Dye, M. D.

Dr. Paul Dye was born in Sistersville, West Virginia, on November 10th, 1902, the only son of Dr. Victor Hugo and Estelle (Riggin) Dye. He was educated in the public schools of Sistersville, received his A.B. from the University of Wisconsin and M.D. from Harvard Medical School.

After internships at the Boston Children's Hospital, the New York Hospital, and the Massachusetts General Hospital, he came to Wolfeboro in 1931, since which time he was the surgeon at the Huggins Hospital.

He was a Fellow of the American College of Surgeons, Fellow of the American Medical Association, certified by the American Board of Surgery, a member of the New England Surgical Society and the New England Obstetrical and Gynecological Society, Chairman of the N. H. State Board of Registration in Medicine, Secretary-Treasurer of the New Hampshire Surgical Club, Secretary of the Carroll County Medical Society, Vice-President of the New Hampshire Medical Society, and an Instructor in Surgery for the Boston University Medical School.

He was a member of the Boston Harvard Club and Bald Peak Colony Club, and Past President of the Wolfeboro Rotary Club, Kingswood Golf Club, and New Hampshire Bridge Association. He held membership in the Phoenix Lodge, No. 73, A. F. & A. M., of Sistersville; Carroll Chapter, No. 23, R. A. M., Wolfeboro; West Virginia Consistory; and Nemesis Temple Shrine. He was formerly Chairman of the Board of Trustees of the First Congregational Church. At the time of his death on October 17th, 1950, he was Health Officer and Trustee of Trust Funds for the Town of Wolfeboro, and a director of the Wolfeboro National Bank.

The survivors are his wife, Ethel Clow Dye; his mother, Mrs. Estelle Dye; two daughters, Mrs. William Garvey of Durham, and Miss Mary C. Dye of Wolfeboro.

That Dr. Dye was held in high esteem by all of his associates is shown graphically by the positions of trust to which he had been elected. The community and surrounding area will long realize the full impact of its loss.

ANNUAL TOWN MEETING, 1951

Warrant

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Wolfeboro qualified to vote in Town affairs:

You are hereby notified to meet at Brewster Memorial Hall in said Town on the second Tuesday of March next, from twelve noon until eight P. M. for the casting of ballots, and at seven P. M. to act on the following articles:

ARTICLE 1. To choose a Town Clerk, two Auditors, Treasurer, Collector of Taxes, and Town Constable for the ensuing year, one Selectman for three years, one Trustee of Trust Funds for three years and one Trustee of Trust Funds for two years, one Library Trustee for three years, one Water and Sewer Commissioner for three years and one Water and Sewer Commissioner for one year, and three members of the Budget Committee for three years.

ARTICLE 2. To select one or more Highway Agents or to instruct the Selectmen to appoint one Highway Agent.

ARTICLE 3. To choose all other Town Officers and Agents.

ARTICLE 4. To see if the Town will authorize the Selectmen to sell any property taken by tax title or otherwise.

ARTICLE 5. To see if the Town will approve and adopt the recommendations of the Budget Committee and raise and appropriate the various sums contained in the report and listed in the Budget.

ARTICLE 6. To see if the Town will vote to instruct the Selectmen to authorize the Tax Collector to allow a discount on real estate taxes if paid before December 1st, at a rate of discount not to exceed the rate at which the Town can borrow money on short term notes.

(Recommended by the Budget Committee)

ARTICLE 7. To see what action the Town will take in regard to water Fluoridation.

ARTICLE 8. To hear the report of the Committee appointed to study the desirability of consolidating Town, School

and Precinct Reports into one volume, and see what action the Town will take in regard to said report.

ARTICLE 9. To see if the Town will authorize the Selectmen to hire a sum of money necessary to pay expenses in anticipation of taxes.

ARTICLE 10. To see if the Town will vote to authorize the Tax Collector to appoint a Deputy under the provisions of Section 42, Chapter 80 of the Revised Laws of 1942 as amended by Chapter 7 of the Laws of 1945.

ARTICLE 11. Shall the provisions of Chapter 171-A of the Revised Laws relative to playing games of beano be adopted in this Town?

(To be voted on by ballot)

ARTICLE 12. To transact any other business that may legally come before this meeting.

Given under our hands and seals this 26th day of February, A. D. 1951.

WAYNE L. PARKHURST,
EARL F. WILLAND,
NOYES V. MOORE,

Selectmen of Wolfeboro, N. H.

At the Bathing Beach

THE SELECTMEN'S REPORT

At the 1950 Annual Town Meeting the articles relating to Beano, new zoning regulations, Boston & Maine Railroad Station and extending the Village Fire Precinct were passed. Among the articles which were not passed were those relative to parking meters, a long range plan for the business district, the publishing in the Town Report real estate assessments and taxes, and reappraisal by the Tax Commission.

The purchase of the Boston & Maine property was completed during the year. The Selectmen felt that even though they were authorized by the vote of the Town Meeting to have the station torn down, it was advisable to delay such action for the time being for two reasons; first, that such action would probably bring about a curtailment of service by the Railway Express Agency, and second, the building could be used for Civilian Defense and Ration Board Headquarters should the need arise.

There was practically no new road construction this year. Some of the back roads were widened and drained under the TRA. Several new pilings were driven at the public docks to replace those that were damaged or unsafe.

A special Town Meeting was held November 14th to authorize the Selectmen to purchase land to be deeded to the State of New Hampshire for the use as a site of a National Guard Armory. A lot owned by Premo Pollini at South Wolfeboro was purchased, and this has been deeded to the State.

The 1949 Wolfeboro Town Report again won first place in its class in the Annual New Hampshire Town Report Contest. It is rumored that we will have stiffer competition in the future as many other towns in the state are out after the honors. Again the Selectmen welcome suggestions for improving the report.

BUDGET COMMITTEE'S REPORT

To the Legal Voters of the Town of Wolfeboro:

Members of the Budget Committee, in common with property owners generally, are keenly aware of the heavy burden of taxation to meet not only local requirements but, also, the excessive demands of the federal government. Consequently, the committee again has made a thorough study of both the income possibilities and estimates under the heading of necessary expenditures for the town.

The Budget Committee's responsibility is to recommend to the voters at the Town Meeting expenditures for the wise maintenance and development of the town's property and facilities, keeping in mind a long-range perspective, and also, to assure an economical use of the town's funds and other assets.

Public Hearings of the Budget Committee, were held at the Carpenter School on January 25th and 26th agreeable to notices in the Granite State News.

Your Budget Committee, accordingly, submits and recommends the following report and Budget items for the Town of Wolfeboro for the year 1951 to be acted upon at the Town Meeting, March 13th, 1951.

General Government	\$ 9,625.00
Protection of Persons and Property	8,830.00
Health Department	5,125.00
Highway Maintenance	35,953.84
Highway Construction	950.00
Sidewalk	500.00
Street Lights	4,000.00
Libraries	1,350.00
Public Welfare	13,500.00
Patriotic Purposes	1,650.00
Public Service Enterprises	1,728.00
Interest	2,707.50
Payment on Debt	9,500.00
Recreation	2,100.00
Wharves	650.00
	<hr/>
	\$98,169.34

Payment to other Government Divisions, in addition to the above list:

County Taxes	26,000.00
--------------	-----------

Precinct Taxes
School Taxes

18,860.00
106,576.31

\$249,605.65

A comparison of the above items with the estimates and actual costs for 1950 will reveal that the higher tax rate anticipated for 1951 will result chiefly from the increased costs of (1) highway maintenance, (2) public schools, and (3) county government.

TOWN ROADS

The Budget Committee recommends that expenditures for construction be confined to \$350.00 for culverts on Cotton Mountain Road; \$300.00 for drainage on Green Street; and \$300.00 for grading on Clow Road off Pleasant Street. The committee recommends further that the work of straightening the curves and rebuilding part of Elm Street be deferred this year unless it can be done with state-aid construction funds.

The Budget Committee received from citizens of Pleasant Valley a petition to widen the curve near the entrance to Hill School Camp. After due consideration, the committee feels that this work should be done with Town Road Aid funds when available.

Another petition signed by certain citizens of the Pleasant Valley area asked for a black top surface on the cut-off between Route 28 and the Pleasant Valley Road. The committee feels that it would be inexpedient to appropriate money for this purpose at this time.

SCHOOLS

The higher budget for public school education in Wolfeboro is due to the increased costs of: (1) instruction, maintenance and supplies at Carpenter School; and (2) both the larger anticipated enrollment and higher charge for tuition of our secondary school students at Brewster Academy.

The Budget Committee believes that the budget requests for Carpenter School are reasonable and economical in view of the rising costs, and are likely to continue to maintain the desired standards.

The tuition charge per pupil has been raised at Brewster Academy from \$150.00 to \$200.00, but this is still well below the State average cost for secondary school tuition. The Trustees of Brewster Academy cooperate fully by submitting the Academy's total budget to the Town Budget Committee.

To meet the estimated cost of grade and secondary school education for the boys and girls of Wolfeboro, the town Budget Committee recommends an appropriation of \$106,576.31.

RUST POND

The Budget Committee is in receipt of a petition from the Rust Pond Association, Inc., asking for the sum of \$500.00 to assist in paying for the building of the new dam at the outlet of the pond. The amount asked by the Association is only 18% of the total cost of the dam. However, the Budget Committee, being aware of the State law which does not allow town funds to be spent for the development of privately owned property, is regretfully compelled to refuse to recommend an appropriation for this purpose.

CIVILIAN DEFENSE

The Budget Committee recommends an appropriation of \$300.00 for the immediate needs of the Civilian Defense Committee of Wolfeboro, with the full realization that should a major emergency be created, more money will have to be appropriated for their needs.

The Budget Committee wishes to congratulate the Civil Defense Committee on their splendid preparatory planning and organization.

AWARDS

The Budget Committee again joins with the Selectmen and other interested citizens of the town in deriving satisfaction and pride from the fact that the Bureau of Governmental Research at the University of New Hampshire has awarded First Prize to Wolfeboro for the eighth consecutive year for the best town report published by New Hampshire towns of 2,500 to 10,000 population.

The Selectmen and the Budget Committee would be grateful for suggestions which would further improve and clarify the town report.

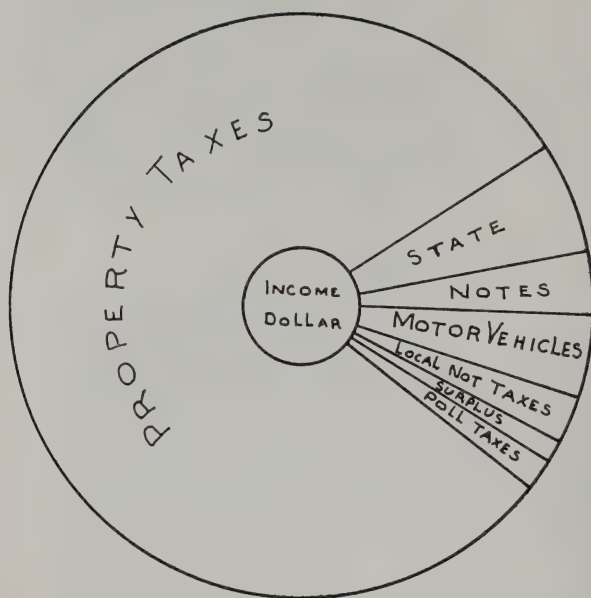

Respectfully submitted,

WOLFEBORO BUDGET COMMITTEE

Respectfully submitted,

ROBERT F. THURRELL,
WILLIS H. CLOUGH,
JERRY L. THAYER, JR.,

Trustees.

February, 1, 1951

This is to certify that we have this day examined the above report of the Trustees of Trust Funds for the year ending December 31, 1950, and find them correctly cast and properly vouched.

C. E. CORKUM,
R. S. PARKER,

Town Auditors.

SERVICE DEPARTMENTS

Wolfeboro Water and Sewer Department

SUPERINTENDENT'S REPORT

WATER DEPARTMENT

During the past year much new work as well as many replacements were accomplished in the Water Department.

At Whitten's Neck we replaced 1,096 feet of 2-inch pipe which was filled with rust, with 6-inch cast iron pipe.

On Waumbeek Rd. we extended the 1¼-inch pipe 450 feet to the new home of Mrs. Harlan Rines.

At Brummitt's Ct. we installed 275 feet of 1¼-inch pipe connecting to the pipe which runs from Factory St. to Brummitt's Ct.

On Belknap St., which was recently accepted by the town, we installed 130 feet of 1¼-inch pipe. We also installed 160 feet of the same size on Adams St.

To a new summer colony on Pine St. extension we installed 760 feet of 1¼-inch pipe.

Two of the old hydrants were replaced during the past year with new ones, one on Center St. opposite Mr. Whitney's and one at Whitten's Neck.

There were sixteen (16) new services connected to the Water System during the past year. Twenty-five (25) of the old services were relaid with copper tubing.

There were a few breaks and leaks in the water system which were taken care of as soon as possible.

SEWER DEPARTMENT

During the past year there was very little new construction work done in the Sewer Department.

Five new customers were added during the year, making a total of 252 connections to the new system.

Due to conditions beyond our control we had considerable trouble with the Inhoff Tanks at the treatment plant. The trickling Filter Bed at the treatment plant had two treatments of H. T. H. as recommended by the State Health Department.

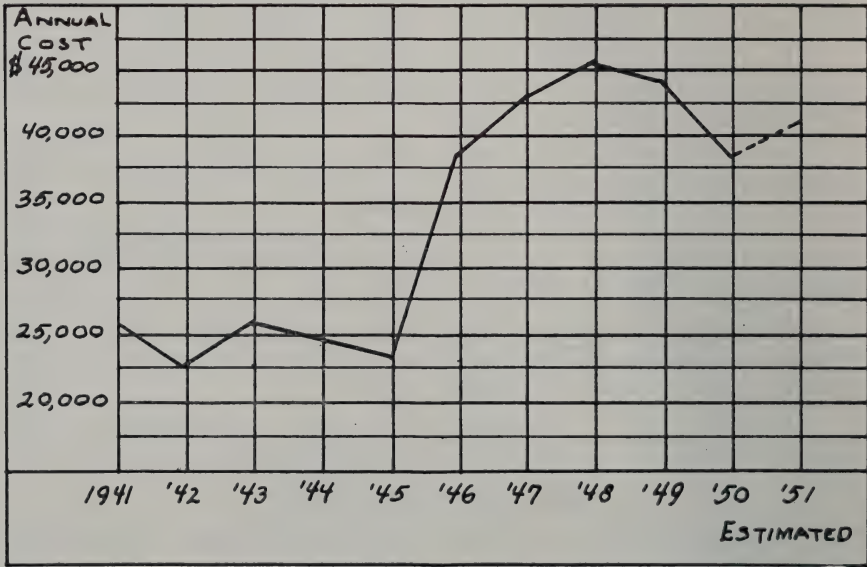

By constant treatment of the Inhoff Tanks we have reduced the amount of lime used to approximately 100 pounds a year.

Visitors are always welcome to inspect our Pumping Stations and treatment plant at any time.

Once again I wish to thank the citizens of Wolfeboro for their co-operation during the past year.

CHARLES LUCAS,
Superintendent, Water and Sewer Dept.

Cost of Highways, Wharves and Street Lights

Ten Year Low: 1942, \$22,451. Ten Year High: 1948, \$46,834

Highway Agent.

PUBLIC SERVICES

Parks and Playgrounds Commission

BATHING BEACH

The Brewster Beach is still a most popular spot in Wolfeboro. It was well supervised by two life guards, Mr. George Greer and Miss Mary Dye, both of whom have Lifeguard and Swimming Instructor Certificates from the American Red Cross Aquatic School.

It was officially open from June 30th to September 5th, during that time there was a good attendance each day. Two classes in swimming were held daily and advanced students were awarded Life Saving Certificates.

The whole Beach area was sprayed twice during the Summer, thus eliminating all insect pests. There are still some improvements necessary for a well regulated beach, which the Commission hopes to provide in the near future.

PARKS

The Commission has received many compliments from our citizens and Summer guests on the beautiful view from the Lake Front Park, where one may relax and contemplate in peace and quiet the glory of Lake Winnepesaukee and the mountains. This park is the only one of its kind on the Lake and is much appreciated by all who use it as a valuable asset to Wolfeboro. We have kept the grass mowed on Clarke Park, and have assisted the Historical Society in keeping their grounds in a presentable manner.

The preservation of the Clarke House and maintenance of the grounds must be partially assumed by the town, who own the property, as the Society is unable to properly do so. Therefore the Parks and Playgrounds Commission is asking for an appropriation of \$300.00 for this purpose. The Wolfeboro Historical Society is a distinct and valuable asset to the town. It preserves and displays many items of historical value and interest not only for the benefit of our residents but for many of our Summer visitors.

SUMMER PLAYGROUND

The Playground was a new venture in 1950 which proved to be well worth while. It kept children off the streets and

gave them supervised play at a cost of \$320.00. A total of 157 children attended the program; the largest attendance in one day was 54 and the smallest was 27. The program was under the supervision of Mr. Robert C. Hawkes. This activity should be continued and more parents should send their children to the playground at Carpenter School, which was supervised five days a week from July 3rd until August 25th.

SKATING RINK

The 1949-1950 season on the public rink was very successful. Although Carpenter School maintained a rink for the younger skaters at the rear of the school, Mr. Hawkins conducted skating classes at the town rink and figure skating competitions were held. The town hockey team had a good season.

The rink has been operated for twelve full seasons and the boards were broken and rotted to the point where they were a source of danger to the younger skaters. It was decided, at the end of the 1949-50 season, that they should be replaced.

The original rink measured one hundred and ninety-six feet by seventy-nine feet. In rebuilding, the rink was lengthened to two hundred and ten feet and widened to eighty-four and a half. This not only increased the skating area for pleasure skating but also for the first time allowed full length zones for the hockey.

Mr. Eugene Dickinson of the New England Box Co. donated the boards with which the new rink was constructed. The one-inch boards of the old rink were replaced with one and a quarter inch boards and the height of the boards was increased from the original four feet to four feet six inches. The increased thickness of the boards adds several years of life to the rink and eliminates the braking and splitting boards which have been a hazard heretofore. The higher boards are safer.

ABENAKI SKI SLOPE

During the past year, the Parks and Playgrounds Commission spent just under \$100.00 on mowing, grading and otherwise improving the ski slope. The enlarged area has worked out wonderfully for all classes of skiers, from the beginner to the expert. The only charge made to skiers on the slope is for the use of the tow, which is operated on a non-profit basis by the Wolfeboro Abenaki Outing Club, which maintains the slope in the skiing season and keeps the Ski Lodge open for warming up and lunches. Many non-skiers and parents of school children enjoy watching the skiing from the big windows inside the lodge. More and more outside skiers are coming to recognize the Wolfeboro ski slope as one of the finest of its type in New England.

INFORMATION BOOTH

Operated by the Wolfeboro Chamber of Commerce

The Information Booth at Wolfeboro was a busy place during the summer of 1950, and we were very proud to tell those who inquired that the booth was sponsored by the Wolfeboro Chamber of Commerce. This year 2,431 cars stopped and 8,070 people requested information.

At the booth a daily register is kept by the attendants. In this is recorded each telephone call and the information requested; the number of people walking who come in, and their questions; and for each car the following: the state from which it comes, the number of cars in the party, the number of people in the cars, and the questions they ask.

The information requested concerned finding accommodations, route directions and maps, help in locating people and places, suggestions for things to see and do (particularly on rainy days) and requests for literature for themselves and friends at home. At the beginning of the year we had many inquiries about job openings and throughout the season requests for picnic areas with picnic tables. People seem to have become more conscious about the advisability of making reservations in advance. Many people asked for the Wolfeboro Booklet with just such a purpose in mind—to look it over and make reservations for next year early in the spring.

The busiest week of the season was the week of July 20-26, when 125 telephone calls were answered. 319 cars with 824 people stopped, and 77 people who were walking came in for information. During the season the state most often represented was Massachusetts with 965 cars. New York was second with 416 and New Hampshire third with 362. Twenty-nine states and 3 Canadian Provinces were represented.

Probably the biggest problem is that of locating people. We have a list of summer people and where they live, but it is far from complete. Often it seems, people find themselves driving through Wolfeboro when they remember that a friend or relative has a Summer home here. They may or may not know where it is located. It can be on any lake, in any township, nearby or not, but they will be sure it is Wolfeboro and the camp is on Lake Winnepesaukee. Often it turns out to be on Lake Wentworth, or perhaps in Tuftonboro or Moultonboro or even on one of the islands. If they know the person's name they can usually be found, but when they do not know the name it is rather difficult. This has actually happened—a girl who is married and they can not remember the husband's name, or a distant relative, or perhaps a close friend of Aunt Mary's. At any rate, each day is new, with an unusual request of some type or other.

May we thank all those who have been so helpful: the resort owners who cooperated so well by reporting in each day, the people in the post offices, telephone office, Western Union, Selectmen's office and Lakes Region Association, who helped us in locating summer residents, and the many others who have been so friendly and kind.

Respectfully submitted,

Wolfeboro Town Library

REPORT OF THE LIBRARIAN

To the Board of Trustees of the Wolfeboro Town Librarys
Gentlemen:

The report of the librarian for the year ending January 1, 1951, is herewith presented.

It has been a busy year at the library with the largest circulation of books since the depression years, and in some instances the month's circulation has been the largest in the history of the library. The books chosen for reading have been both of a serious and humorous nature, those chosen for study and serious reading predominating. As a result of the critical world situation, readers have returned to the re-reading of books written during the Second World War.

The State Library continues to be very helpful with the services as provided by the visits of the bookmobile, and by the mailing service. These requests of a varied nature have come in increasing numbers from teachers, pupils, and other patrons.

The teachers are continuing with their cooperation and support in matters pertaining to the use of the library by themselves and their pupils. This accounts to a great extent for the increased circulation of children's books.

For the observance of Children's Book Week this year the librarian visited Carpenter School to tell stories to the children and display new books which had been added at the library.

In May the librarian attended the Library Institute in New London. The librarian and her assistant attended both the State and Neighborhood meetings during the year.

As will be seen by the treasurer's report, the library received an additional gift from the Basford estate. For this gift and the many others received during the year the librarian expresses her gratitude and thanks.

The circulation for the year has been 28,882 books and magazines of these classes: fiction, 12,935; non-fiction, 5,455; children's books, 10,492. Three hundred and forty new cards were issued. The largest day's circulation was 208, and the smallest twenty-seven.

This year 490 books have been added to the combined libraries. Of this number fifty-four were contributed.

THADDEUS BERRY, *Treasurer.*

Report of the Forest Fire Warden

Each year two hundred thousand forest fires annually burn over 36 million acres of the forest land of this great nation. This area is roughly the size of our New England states. Tens of thousands of man-hours costing over 40 million dollars are used in combating these fires. They destroy valuable mature timber and new growth, and leave desolation and often death in their wake. With the large deficit in rainfall the past four to five years the need for extreme caution is great.

Every brush, grass or forest fire that you have in your town has its effect on you in several ways; such as increased taxes, loss of mature timber, marring of the landscape and spoiling the recreation value of our country side. It is safe to say that approximately 97% of the fires occurring in this state are man-caused and because all man-caused fires are preventable, remember—only YOU can prevent forest fire.

Our forest fire organization is doing a grand job in keeping our fires small, but the public in general is becoming increasingly careless in discarding matches and cigarettes. Another form of carelessness is the neglect to secure the required permit from the town fire warden to burn brush or use an incinerator in or near woodlands. It is YOU and YOU alone who can help correct this shameful waste of our natural resource by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent its spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your town Fire Warden.

It is with your cooperation that this shameful waste of timber and money can be stopped.

1950 FIRE RECORD

Number of Fires	7
Acreage Burned	1.0
Number of Fire Permits Issued	333

GUY L. FOSS,
Forest Fire Warden.

ROBERT B. SMITH,
District Chief.

White Pine Blister Rust Control

Blister Rust Control consists in the removal of principally wild currant and gooseberry bushes, commonly termed "Ribes," which are the plants by which the rust is spread from infected to healthy white pine trees. Such work is systematically performed with the aid of a map upon which is indicated the white pine stands, stone-walls and fences, woods, roads and trails, and the drainage. With these maps it is not only possible to thoroughly inspect white pine growth and the environs, but also to locate and destroy these wild bushes at a minimum cost. Furthermore, the difference between the present control area and the total land area of the town was made possible by the use of this map. These maps will be of great value in the future when it is determined that a reinspection of white pine areas is needed.

The destruction of over 75 million Ribes bushes in New Hampshire has been instrumental in reducing to a marked degree the spread of this serious bark disease of our native white pine. However, over a period of years disturbances of the soil brought about by fires and logging often result in a regrowth of these bushes due to seeds which have long laid dormant in the ground. When logged-off lands reseed to pine, and at the same time new growths of Ribes bushes develop, this condition is favorable for infection to take place upon these young trees, and eventually wholesale destruction results. Following the excessive cutting of white pine in New Hampshire for the past ten to fifteen years, many of these lots have abundantly reseeded to pine; unfortunately, along with this reproduction there has come a return of Ribes. It is of vital importance that future crops of pine be assured by rechecking such areas and destroying all bushes that may have developed since the initial working. By this means, control of the Rust can be more fully maintained.

Yours very truly,

JOHN H. FOSTER,
State Forester

TAKING SALMON EGGS AT WOLFEBORO

Each fall, fish crews from the State Fish and Game Department set up operations on Winnepesaukee, at Wolfeboro and Melvin, to take eggs for hatchery rearing to two-year-olds. By this means the big salmon which live in the lake are used as brood fish, saving the expense of carrying a separate hatchery stock. While the results would be very few and far between if the fish spawned naturally in the lake, by this means it is impossible to hatch and grow a large per cent. Parent fish are returned unharmed to the lake, and Winnepesaukee receives its full share of the product as annual stockings.

By Eleanor Horne

By Eleanor Horne

Visitors who are welcomed to watch the stripping operations get a preview of the very fish they will be catching next summer, and a spectacular one when several hundred large salmon are held together in the nets. Last fall the Department took about half a million salmon eggs from Winnepesaukee, exceeding the usual quota by almost double. This is a good omen for the number and size of salmon at large in the lake.

PUBLIC HEALTH

Health Officer's Report

The report of the Health Officer of Wolfeboro for 1950 can be but a routine statement of the usual activities of the department. No epidemic of note occurred; the level of health of the people is high; and there have been few complaints of nuisance that menace health, and such nuisances called to the attention of the Health Officer have been investigated promptly and, in every instance, corrected.

Milk and water samples have been periodically examined by the State Laboratories and the reports of such were always more than satisfactory. It should be a constant source of satisfaction and comfort to our people to realize that no disease has been traced to our food, water, or milk supplies, and the individuals in these fields should be commended for maintaining the high standards in the production and handling of such materials.

Careful, thorough examinations were made of all Wolfeboro school children in the able hands of Harold E. Gregory, M.D., assisted by Mrs. Avis MacAuley, R.N. Orthopedic Clinics, under Dr. A. Philip LaFrance, Specialist in this field, with the cooperation of the Public Health Nursing Association of Wolfeboro, and the Crippled Children's Division of the State Department of Health, were held bi-monthly at the Huggins Hospital. Through these clinics, structural and functional defects in the children are recognized and the proper steps instituted for their correction.

May all these worthy projects continue to develop and be utilized for the general health now and in the future.

Respectfully submitted,

ETHEL C. DYE for
W. J. PAUL DYE, M.D.,
Health Officer.

Report of the Public Health Nursing Association of Wolfeboro and Vicinity, Inc.

NURSING SERVICE

1. Morbidity Service	<i>Visits</i>

CLINICS

	<i>Sessions</i>	<i>Treatments</i>
1. Tuberculosis	1	34
2. Mental Hygiene	6	6
3. Orthopedic	6	145
Physical Therapy Treatments		73
4. Dental Clinic		57
5. Physical Examinations		214

During 1950, the work of the Public Health Nursing Association has continued as in past years. The Morbidity Service has remained about the same but, with no epidemics of communicable diseases, these visits were at a minimum.

Mrs. Thomas MacAuley, R.N., has continued doing the district work for the Public Health Nursing Association and the school work for Wolfeboro and Tuftonboro. During the month of August, the Nursing Committee was fortunate to have Mrs. Arthur McDermott, R.N., substitute during Mrs. MacAuley's vacation.

With the cooperation of the Huggins Hospital, Miss Hazel Leavitt, their Physical Therapist, works with Mrs. MacAuley to plan the Orthopedic Clinics which are held every other month at the hospital. She also does follow-up work with the children who need exercises under supervision. During the last year, the attendance at these clinics has decreased due to the fact that there is a regular Orthopedic Clinic at Ossipee. Previously, these patients came to the Wolfeboro Clinic.

The Nursing Committee is very grateful to Dr. John Clow for his cooperation with the Dental Clinic. This clinic is financed by organizations in Wolfeboro together with the Public Health Nursing Association.

The aim of the Nursing Committee is to further the growth of the best Public Health Nursing Services possible for everyone in this community. With continued interest and cooperation of the people of Wolfeboro, this is possible.

Respectfully submitted,

ETHEL C. DYE,
Chairman Nursing Committee.

The Huggins Hospital

Photo by A. Belanger

Main entrance from across Main Street.

Huggins Hospital was just the germ of an idea in the minds of the Doctors practicing in Wolfeboro and vicinity in the early part of the century (1907). After considerable effort on their part a building, located on the top of the hill, South Main Street, was remodeled from a dwelling house. This building was dedicated on December 31, 1907, and the first patient was admitted on January 4, 1908. It was soon outgrown, but continued to serve until the present site was acquired and a building constructed, which was dedicated on Armistice Day, November 11, 1924. This building soon proved inadequate, but continued in use until the present modern wing was constructed.

The real start of this building was in 1947 when a public

South side showing new wing and Emergency Entrance.

drive brought in \$276,000.00 in cash and pledges. Federal Aid through the Hill-Burton Act was added to this sum, and additional pledges have been added since. Construction on the present modern wing was started April 1949. The first patients were placed in the new wing on March 3, 1950, while construction was still going on. After the contractor completed his work, the building continued to be occupied gradually until all floors were in use. The remodeling of the original building was then undertaken, which was not completed until July 1950. The total cost of this project was \$530,401.20, of which \$169,598.93 was Federal Aid. New equipment costing \$55,410.82 was included in this sum.

Since the first patients were put in the new building, there have been 1,159 admitted up to January 1, 1951. There have been 24,507 patients admitted to the Hospital since it was first organized. This, of course, does not include the many thousands of people who have been treated as Out-Patients.

Main entrance inside showing receptionist desk.

Over the years, many people have been greatly interested in the welfare of the Hospital—so many that it would be impossible to list them in the space available. The construction of the new wing was placed in the hands of a Building Committee composed of

E. E. Gile, Chairman; Howard Avery, Treasurer; Mrs. Fred Clow, Secretary; J. Clifton Avery and Frank Goodwin. After the death of Frank Goodwin, Cecil Corkum was elected to the Building Committee.

The Ladies Aid was organized September 8, 1907, and has through the years given the Hospital many thousands of dollars worth of equipment and supplies and many, many hours of time and work. There are still two of the original charter members active in this organization. Its present day activities are financed through its annual Street Fair, an event looked forward to by local people as well as summer visitors.

Huggins Hospital has continued to grow through the years, expanding its services to Wolfeboro and surrounding areas. It looks forward with confidence to many more years of service.

AUDITORS' CERTIFICATE

We have examined the accounts and balance sheets of the various Town Officers. Our examination was made in accordance with the auditing standards as required by the State Tax Commission, and included such tests of the records and other supporting evidence we considered necessary. In our opinion the statements herein present fairly the results of the operations of the Town Officers for the year 1950.

C. E. CORKUM,

R. S. PARKER,

Town Auditors.

VITAL STATISTICS FOR 1950

BIRTHS

<i>Date</i>	<i>Name of Child</i>	<i>Name of Father</i>	<i>Maiden Name of Mother</i>
Jan. 2	Anthony Warren	Francis Colin Whitehouse	Caroline Flora Small
4	Roberta Diane	Walter Frank Thomas, Jr.	Dorothy Gertrude Colman
7	William Hartwell	Gordon Douglas Swaffield	Nancy Holbrook Wales
8	Leslie Norma	Norman Arthur Hale	Constance Marjorie Robinson
16	Jill Marie	Rolf Sigurd Gjelsten	Gladis Elsie Olsen
17	Everett Stetson	Everett Stetson Albee, 2nd	Meredith Isabelle Severance
28	James Wayne	Donald Eastman Walter, Jr.	Roberta Frances Nason
28	Charles Amos	Amos Richard Price	Pauline Marjorie Richards
28	Thomas Stephen	Raymond Stanley Kennard	Ruth Elizabeth Pearson
29	Brenda Jean	George Edward Tessier	Marjorie Emma Hatch
30	Philip Henry, Jr.	Philip Henry Morrill, Sr.	Jeanne Elizabeth Rouleau
30	Shirley Diane	Walter Cecil Foss	Margaret Bertha Clifford
Feb. 3	Mary Ann	Philip Arnold Stockman	Clare Jean Peaslee
8	Albert Clark	Nelson Barnard Rich	Alberta Louise Pigon
9	Cathy Ann	Russell Clifton Thompson	Audrey Frances Connaughton
9	Charlotte Faye	Merle Edward Gasset	Jennie May Alden
